

SENTRILOCK MIGRATION

Many emails are being sent from CincyMLS and SentriLock® about the migration to the new Electronic Key System (EKS).

We understand there is a lot of information to digest. ALL information included in the emails is important. Please take time to read them completely.

Not all members will receive the same emails. Those who own keyboxes will receive different emails than those who do not.

Keybox owners will also receive emails over the next few weeks informing them of the number of keyboxes currently registered in their name. All keybox owners will not receive these at the same time.

Additional communications will be sent until the migration is complete. We appreciate your patience as we continue to provide the information you need.

"Without change there is no innovation, creativity, or incentive for improvement. Those who initiate change will have a better opportunity to manage the change that is inevitable."

– Edward Everett Hale
