# KEYBOX MARKETPLACE

Don't allow your unused keyboxes to collect dust or miss out on fantastic opportunities! Check out the CincyMLS Keybox Marketplace by clicking the **"Keybox Marketplace"** button on the CincyMLS website. It's a win-win solution for buying and selling SentiLock keyboxes.

## The Details

- Complete the **"Enter a Box for Sale or Want to Buy"** form. Keep the confirmation email required to update the entry after the transaction takes place.
- See what is available or needed with the **"At A Glance - All Boxes for Sale and Want to Buy"** spreadsheet.
- Once a transaction has been completed, submit the **"Keybox Transfer Form"** to CincyMLS and update your entry in the Marketplace to keep the information accurate and relevant.
- Keyboxes are programmed for the CincyMLS network and can only be purchased and used by CincyMLS subscribers.
- CincyMLS does not oversee transactions. Buyers and sellers must negotiate between themselves.

The Marketplace can minimize the need to acquire brand new keyboxes by optimizing the existing 13,000 SentiLock boxes in circulation with CincyMLS. This allows subscribers to buy keyboxes at a reduced price or generate additional income by selling unused keyboxes.
