

KEYBOX MARKETPLACE

Do you have extra SentriGuard® keyboxes sitting around?
Or maybe you're looking to pick up a few more without
buying brand new? Good news!

Check out the **Keybox Marketplace**, a simple way for members to buy and sell SentriGuard® keyboxes within our MLS community, designed to help get those idle keyboxes back into circulation.

HOW IT WORKS

- Go to CincyMLS.net and click the image of a dog with keyboxes to enter the **Keybox Marketplace**.
- To get started, fill out the **"Enter a Box for Sale or Want to Buy"** form. Keep the confirmation email - you'll need it to update your post after the deal is done.
- Want to see what's out there? Check the **"At A Glance - All Boxes for Sale and Want to Buy"** spreadsheet.
- Once you've bought or sold a keybox, be sure to send in the **"Keybox Transfer Form"** to CincyMLS and update your marketplace post so everything stays current.
- Only CincyMLS subscribers can buy and use these keyboxes since they are programmed for our network.
- CincyMLS doesn't handle the transactions, so buyers and sellers will need to work out the details with each other.

Let's make the most of the keyboxes already out there -
because one agent's extra could be another's must-have!
